Hi Nick, here's the request from RCMP. I'm going to plot it and work with the NOTAM office (cc'd) to have it assessed by AIM. The angled shape extends the CYR over Parliament a little to the North and West. Let me know if you see anything that needs to be changed. I advised that there may be some back and forth still.

Even,

As per our conversation this morning and having consulted our DG of Air Services as well as our pilots involved with today's mission, I am requesting the following. We would like to extend the CYR airspace over Parliament Hill as published out to the following co-ordinates for safety of operations.

45.44N 75.71W 45.43N 75.68W

45.41N 75.70W 45.42N 75.72W

We request the NOTAM be in effect from 17:00 UTC 29/01/2022 to 23:00 UTC 30/01/2022

If tensions subside by tomorrow morning we will contact you to lift restriction if no longer needed.

Thanks for your assistance

S/Cst Pilot Paul MacInnis
